

It's time to embrace a stress-free and maintenance-free future in a customizable, condo-style apartment at Presbyterian Village at North Church. "The Village" has one- and two-bedroom apartment homes currently available for vibrant seniors, 62 years of age or better, who are interested in fewer worries and more time to enjoy life. Let us shovel the sidewalks, take care of the landscaping, and make sure that the furnace and air conditioner work properly. You have better things to do!

Located in the Village of Williamsville, The Village is a friendly, vibrant community situated on a beautifully landscaped, private cul-de-sac, recently certified by the National Wildlife Federation as a Wildlife Habitat. It offers social activities, laundry facilities, a Guest Suite for visiting family and friends, and optional housekeeping, just to name a few of the amenities available.

As one of the young-at-heart senior residents of The Village you will have the opportunity to participate in excursions to the theater, the Buffalo Philharmonic, great restaurants, and day trips which you are guaranteed to find much more appealing than worrying about the problems associated with home ownership.

If shopping is your thing, The Village is only minutes from Williamsville's quaint boutiques on Main Street and just a short drive from major shopping areas.

If you prefer to stay in, The Village has just as much to offer. How does a resident-coordinated domino or card game sound? What about summer barbeques or fall wine tastings? You are sure to love morning coffee hours and movie nights in the comfortable community rooms, which are furnished with fireplaces and plenty of tables and chairs for your gatherings.

If you are considering a move or just want to look into your options, please call Kathie at 631-0123 to learn how "The Village" can become part of your future.
