“To connect and train neighbors to assist themselves, family, friends and neighbors and to support the work of the Board of Block Clubs and neighborhood associations and tenant groups in Erie County”.

To: Block Clubs and Faith-based Groups

From: Rich Lee  
Executive Director

Dear Faith-based Groups and Block Clubs,

The Block Clubs and Neighborhoods Association is partnering with The Asthma Coalition of Western New York Buffalo Public Schools - School Health Program to reach out to families who are challenged with Asthma. As we all know, Asthma symptoms can be controlled and reduced. We want to work with you to help your families and especially your children deal with this difficult disease.

We would like to visit bi-weekly with family members for 15 minute to 30 minutes sessions to share information on a wide range of services and specific donated materials i.e. mattress covers and other items that we believe will lead to a decline of asthma symptoms.

The program is unique to your geographic area; we are very pleased that it is available to be of service to the families that you serve.

And this helpful program is FREE!

However, we are still seeking volunteers to conduct the visits and deliver the information and materials. We will train volunteers before they are sent out. Volunteers will also be remunerated with a Tops gift card.

For more information, to participate, or to act as a volunteer, please contact Rich Lee at 851-5550 or 480-3341, or email us back at [healthconnectorsbcna@gmail.com](mailto:healthconnectorsbcna@gmail.com) or rleebcna@gmail.com!

**PARENTS You are Invited:**

Parents of young children who have ASTHMA or asthma like symptoms are invited to be part of a special program where you will receive FREE, FREE materials to help reduce your child's ASTHMA symptoms. Some of the materials include: mattress covers, pillow covers, air filters, HIPAA vacuums, ETC. ETC. ETC.

Working in special **Partnerships** with Office of the Mayor-City of Buffalo, CASH Program - United Way, Buy Local - Buffalo First!, Lead Safe program -Community Foundation of Greater Buffalo -Erie County Health Department, Mayor's Green Team (recycling) Public Works & Erie County Environment and Planning, Erie County Family Court, School Health-Buffalo Public Schools, Erie County Mental Health-Family Voices, Roswell Park Cancer Prevention, Block Clubs & Neighborhood Associations-NYS; Asthma Coalition of WNY, Network of Religious Communities, VOICE Buffalo, Housing Court Liaison -Buffalo Housing Court, Upstate NY Transplant Services-Donate Life, Character Counts of Hamburg, New York State Health -Health Insurance.
