

**WNY Apologetics
Roundtable Discussion
Sunday, October 11, 6:30PM**

~~~~~

**Kenmore Alliance Church  
175 Bonnett Ave., Tonawanda, NY 14150**

**Topic: *"An Introduction to  
Presuppositional Apologetics"***

What biases, background beliefs, or presuppositions do non-believers often bring to the table? How do these color their view of the Gospel? Come learn about a distinct "presuppositional" method of defending the faith and see how we can ultimately use these non-Christian presuppositions to our apologetic advantage.

**Speaker: Mr. Craig Fairclough**

*Mr. Fairclough is a professional engineer residing in the Buffalo area. He has studied apologetics for several years with a particular concentration on the "presuppositional" approach to defending the faith. He and his family attend Kenmore Alliance Church.*
