

DOES GOD MATTER?

DEFENDING THE CHRISTIAN FAITH IN THE 21ST CENTURY

A ONE-DAY APOLOGETICS CONFERENCE

Is the theory of evolution true? Can Christians reject the theory of evolution without giving up their intellectual integrity? Is there credible evidence to believe that Jesus really rose from the dead? Does the Bible provide any explanation for all of the evil and suffering we see around us? How do we know that Christianity is the only religion that is true?

Come hear biblical answers to these questions and learn how to respond effectively to them. Featured speakers and lectures include:
